2. The questions must be in the same sequence for all students (**Single set, no jumbling**).

3. The Assessment will be conducted on the **Respective Subject Classrooms** only.
4. The question papers will be scheduled by the **respective subject teachers** in their **subject classrooms** preferably a day prior.

8. The marks from the Google forms shall be exported into a Google sheet file (which can be obtained by downloading the responses in Google sheet and editing it for obtaining marks scored by each student). **This should not be confused with exporting marks inside the classroom, which we are not doing, so that the marks are not visible to the students.**
